

More Than a Sunday Faith: A Facilitator's Guide

The *Facilitator's Guide* is a plug and play guide to teaching those in your sphere of influence (your congregation, small group, home school students, rehab and at-risk youth ministries, as well as leaders) how to listen to and follow Jesus throughout their day using the *Set Free Nowwww* tools. It contains both the *Facilitator's* and *Participant's Notes*.

It is highly recommended that each student have their own copy of the book *More Than A Sunday Faith*. They can read it before or during the class, but especially after finishing the course. The principles taught will present a new way of thinking and processing life for 9 out of 10 believers who go through the material. It will be a valuable resource as they practice what they learned in class in a *Bible Impact Group*. It's where they hold themselves and at least one other believer accountable to the biblical life change process to become more like Jesus, one area of life at a time. Each believer can indeed be used by Jesus to make more and healthier disciples!

The *Participant Notes* can be reproduced as many times as needed. The *Facilitator's Guide* (no cost) as well as the book and *Bible Impact Card* (both available in bulk pricing) can be obtained through the Contact Information below.

Training

Making Healthy Disciples: Giving Tools to Become More Like Jesus

You can obtain the *Facilitator's Guide* and make it happen for yourself; or, you can have Chris facilitate a group training session for you! As this material gives each believer the tools to listen to and follow Jesus each day everyday, questions may arise that only face-face training can provide.

Therefore, to better equip you in training others to make more and healthier disciples, he offers a 1.5 to 2 day workshop format, depending upon your time availability. You can make arrangements for this training or come to one of his quarterly classes at *New Hope* by using the information below.

Discipleship Coaching

There's Hope for Pastors of Small Churches

Jesus said He would build His church (Matt. 16:18) and told us to focus on making more and healthier disciples (Matt. 28:18-20). Chris has over 25 years of pastoral experience from starting to growing a "small church with a big vision." He can help you become comfortable in the skin God gave you in order to play whatever role Jesus has for you in building His kingdom. Failure doesn't apply to numbers, only to not making more and healthier disciples. If you've read the book and/or have taught the class, but still have challenges or questions that are best handled through conversations and not through his blog at morethanasundayfaith.com, Chris is available for discipleship coaching over the phone, via email or in person. Simply contact him using the information below.
